

# A NEW HOPE FOR MEN WHO EXPERIENCE ERECTILE DYSFUNCTION

**INTRODUCING A REVOLUTIONARY,  
NON-INVASIVE TREATMENT FOR  
MEN WITH ERECTILE DYSFUNCTION**

# ED1000

## **Long term effects**

*Treats the underlying cause of ED, not the symptoms, providing sustained results for several years following the treatment*

## **Proven clinical results**

*ED1000 is the only acoustic sound wave device for the treatment of ED, with clinical trial data supporting its efficacy claims, and 5+ years treating tens of thousands of patients in over 30 countries*

## **Demonstrated patient benefit**

*For both responders to oral medications as well as those who do not respond to oral medications*

## **Non-invasive & pain free**

*Treatments are administered over a series of short visits to a clinic near you.*

**15-20  
minutes**

**Visit [ed1000.ca](http://ed1000.ca)  
for a list of clinics near you.**
